BUSINESS STARTUP COSTS

Essential to the startup effort is the creation of a business plan – a detailed map of the new business to be created.

RESEARCH EXPENSES

Careful research of the industry and consumer makeup must be conducted before starting up a business. Some business owners choose to hire market research firms to aid them.

INSURANCE, LICENSE, PERMIT FEES

In most areas, businesses are expected to submit to health inspections and authorizations and obtain certain business licenses and permits.

EQUIPMENT & SUPPLIES

Every business type requires some form of equipment and basic supplies. Before adding equipment expense to the list of startup costs, a decision has to be made: to lease, or to buy.

ADVERTISING & PROMOTION
